

Obedience

The way we show our love is to obey God's commands. He commands you to lead a life of love. That's what you have heard from the beginning.

2 JOHN 1:6

Obedience is a way for us to honor God and those who care for us. When we trust in God and His plans for us, we can show our love through obedience. Sometimes it can be challenging to obey because we often want to do what feels good to us, but the Bible teaches us that when we obey God, it can keep us from making bad choices and experiencing those consequences. God has put authority over us, like our parents and teachers, to teach and guide us. When we obey our parents, we keep the command that God gives us to honor our father and mother. We must be willing to lay aside what we want or plan to be obedient. When you're tempted to disobey, ask God to help you obey. It may not always be fun or enjoyable, but obedience is never worthless. Through it, we show love to God and grow in faith and joy that honor Him.
